

Chinook Enterprises specializes in manufacturing, assembly, grounds maintenance, and employment and community inclusion services for people with disabilities or other barriers.

A 501 (c) (3) non-profit providing services since 1980, Chinook Enterprises is uniquely positioned to assist businesses through quality-certified manufacturing and assembly solutions as well as full-service commercial landscaping services. Jobsite training and support ensures high customer satisfaction and long-term success for a diverse workforce and community.

WHO WE ARE

At Chinook, we pride ourselves on delivering quality-certified manufacturing and assembly solutions across key industries, including aerospace, marine, and alternative energy. Our expertise encompasses a wide range of products, from control boxes and wire assemblies to baffles, die-cut patches, heated tubes, and custom items tailored to meet precise specifications. With a commitment to precision and reliability, we ensure that each product meets the highest standards of excellence.

TESTIMONIAL

Chinook Enterprises was very helpful in providing modified electrical switch assemblies and PCBAs for Legend Brands. They quickly adjusted their processes, equipment, and fixtures to improve their efficiency to meet the scheduled demand, and met our Quality Standards and Appearance expectations. In addition, Chinook Enterprises adapted quickly to additional revisions of the Work Instructions, and made adjustments to meet our scheduled demand. They also coordinated routine deliveries and pick-up to our location.

We appreciate working with Chinook Enterprises and thank them for their great service to us!

Paul Anderson, VP of Operations
Legend Brands, 2023
