

Chinook Enterprises specializes in manufacturing, assembly, grounds maintenance, and employment and community inclusion services for people with disabilities or other barriers.

A 501 (c) (3) non-profit providing services since 1980, Chinook Enterprises is uniquely positioned to assist businesses through quality-certified manufacturing and assembly solutions as well as full-service commercial landscaping services. Jobsite training and support ensures high customer satisfaction and long-term success for a diverse workforce and community.

WHO WE ARE

First impressions start at the curb - Commercial Grounds Maintenance with a purpose. A vibrant, well-kept landscape signals professionalism, pride, and attention to detail attracts visitors, elevates your brand image, and shows you care about the community you call home. When you choose Chinook, you're not just maintaining your property – you're creating jobs for people facing barriers to employment. They, in return, earn a paycheck and contribute to the local tax base, while you invest in a cycle of opportunity that stays in your own backyard instead of sending profits out of the community.

We get our hands dirty so you don't have to... while you give back to the community.

TESTIMONIALS

Chinook is outstanding. They take in some of the most vulnerable people in the valley and provide them with training, great opportunities and jobs. We are extremely pleased with the excellent grounds maintenance work Chinook provides the Port of Skagit at Skagit Regional Airport, Bayview Business Park, La Conner Marina and the SWIFT Center.

Patsy Martin, Former Executive Director
Port of Skagit

We often receive compliments on how our grounds look. Thanks for your hard work and excellent job!
